- Gear Shift
- 1kW Standby
- Eco Mode
- i-Clean
- Dehumidify
- Dual Filter
- Intelligent Dusting Switch
- Prime Guard
- Air Magic
- Magnetic Colourful Panel
- Voice Control
- Smart Home
- WiFi

PENROSE XT WALL MOUNTED

Available from 2.6kW to 5.5kW, the Midea Penrose XT wall mounted series achieves market leading energy efficiency with a SEER of 8.8 (A+++) and SCOP of 4.6 (A++). The stylish units, with attractive mirror finish provide complete cooling for the whole room.

COMPLETE COOLING FOR THE WHOLE ROOM
The air duct can rotate 180°, which brings a faster and stronger cooling effect. The system will adjust the louver angles and fan speed automatically cooling the whole room quickly and evenly.

FLASH COOLING
Vertical 0° Waterfall Flow.
Flash Cooling with a soft and gentle airflow, without the feeling of cold draughts.

Horizontal 0° Ceiling Flow.
Creates a comfortable environment for all users.

VERTICAL HEATING FLOW
The warm air flow cascades from the wall to the ground vertically. As the warmer air is lighter, the warmer air can fill the whole room from the bottom to top gradually, providing a cozy warm room.

ENERGY SAVING
1kW Standby
Intelligent on-off technology puts Midea products automatically into energy-saving mode when on standby mode. This achieves 80% energy savings.

Gear Shift
Cut your energy consumption in 3 operating power options.
1.296 kW-h per night
Choose Eco mode to save energy for 8 hours.

LOW NOISE OPERATION
Minimal noise, down to 19dB (A).

HEALTHY ENVIRONMENT
Dual Filtration System
Eliminate harmful substances in two successive steps.
i-Clean Technology
4 step cleaning technology for clean, fresh air.

Air Magic
3 trillion positive and negative ions effectively eliminate bacteria, viruses, microorganisms and other harmful substances for fresh, healthy air.

SELF-CLEANING OUTDOOR UNIT
At the end of each operation the outdoor unit fan will run in reverse, removing dust to improve efficiency and reduce wear and tear.
